ADU EEE DEPARTMENT
EE313 – ELECTRONIC LABORATORY I

2016 - 2017 WEEKLY PLAN

Week	Date	Name of the Experiment
1 & 2	September 20 & 27 No Lab. (consultations and registrations)	
	STARTING OF THE LABORATORY EXPERIMENTS	
3	October 3	Exp.1 - Diodes and Applications
4	October 10	Exp.2 - Zener Diodes and Applications
5	October 17	Exp.3 - Op-amp Applications
6	October 24	Exp.4 - Transistors
7	October 31	Exp.5 - BJT Characterization Part I
8	November 7	Exp.6 - BJT Characterization Part II
9	November 14	Exp.7 – BJT Applications
10	November 21	Exp.8 - MOSFET Characterization I
11	November 28	Exp.9 – MOSFET Applications
12	December 5	Project Study
13	December 12	Written and Practical Midterm Exam
14	December 19	Project Study
15	December 26	Project presentations

This weekly plan is revised and updated at September 27, 2018.
