VETERINARY INTERNAL MEDICINE

CLINICAL EXAMINATION

No	The subject of the course
1	Dog clinical examination I
2	Dog clinical examination II
3	Dog clinical examination III

CASE PRESENTATIONS

No	The subject of the course
1	Calf - Diarrhea (Fluid Therapy)
2	Calf - Megaesophagus
3	Cat - Cholangiohepatitis
4	Cat - Eosinophilic enteritis
5	Cat - Stomatitis - Chronic Renal Failure
6	Dog - Gastric Dilatation Volvulus
7	Dog - Hemangioendothelioma
8	Dog - Hemorrhagic Gastroenteritis
9	Dog - Intestinal Obstruction
10	Dog - Intestinal Obstruction Case 2
11	Dog - Cranial Abdominal Pain
12	Dog - Megaesophagus
13	Dog - Pancreatitis - Intestinal Neoplasia
14	Cattle - Acute Romanian Lactic Acidosis

INTRODUCTION TO INTERNAL DISEASES

No	The subject of the course
1	Purpose of the course and definitions (Disease, symptoms, etc.)
2	Clinical examination methods (inspection, palpation, etc.)
3	Anamnesis, signalement, habitus 1
4	Anamnesis, signalement, habitus 2
5	Examination of the skin 1
6	Examination of the skin 2
7	Examination of the lymphatic system and visible mucous membranes 1

8	Examination of the lymphatic system and visible mucous membranes 2
9	Control of body temperature
10	Control of body temperature (physiological and pathological changes)
11	Examination of the circulatory system (Auscultation and murmurs)
12	Examination of the respiratory system
13	Examinations of the upper and lower respiratory system
14	Lung auscultation, thoracentesis, digestive system examination
15	Examination of the digestive system

SMALL ANIMAL INTERNAL MEDICINE

No	The subject of the course
1	Introduction-Clinical Findings of Gastrointestinal Diseases
2	Stomatitis
3	Stomatitis Treatment, Oral Tumors, Feline Eosinophilic Granuloma
4	Canine Oral Papillomatosis, Feline Gingivostomatitis
5	Functions of the Tongue, Salivary Gland Diseases, Causes of Salivation, Parotitis, Salivary Gland Cysts, Tonsillitis
6	FCGS, Pharyngitis, Pharyngeal Paralysis
7	Esophagitis
8	Esophageal Foreign Bodies, Tumors, Motility Disorders, Megaesophagus I
9	Megaesophagus II
10	Introduction to Stomach Diseases
11	Examination in Stomach Diseases, Vomitus
12	Vomitus
13	Acute Gastritis
14	Chronic Gastritis
15	Stomach Ulcer, Gastric Neoplasia, Motility Disorders
16	Gastric Dilatation Volvulus
17	Introduction to Intestinal Diseases, Enteritis
18	Acute Enteritis
19	Viral Enteritis in Cats and Dogs
20	FPV
21	Malassimilation Syndrom, , EPI
22	Diseases of Colon
23	Diseases of Colon, Diseases of Pancreas
24	Liver Diseases- Clinicaa and Laboratory Findings
25	Therapy in Liver Diseases, Icterus
26	Acute Liver Diseases, Portosystemic Shunt
27	Ascites, Cholangitis, Cholangiohepatitis
28	FIP, Respiratory System Diseases

INTERNAL DISEASES OF HORSES

No	The subject of the course
1	Introduction, Clinical Examination of the Digestive System
2	Stomatitis, Dysphagia, Pharyngitis, Esophagitis
3	Esophageal Obstruction, EGUS
4	Introduction to Pains
5	Pains-Special Part I
6	Pains-Special Part II

7	Intestinal Diseases-Diarrhea, Fecal Transplantation
8	Fluid Therapy
9	Respiratory System Diseases-Introduction, Upper Respiratory Diseases
10	Bronchitis, Chronic Obstructive Pulmonary Disease
11	Air Sac Diseases, Laryngitis, Laryngeal Edema, STRANGLES
12	Lower Respiratory Diseases
13	Liver Diseases, Hepatic Lipidosis, Cushing Syndrome
14	Tetanus, Renal Diseases
15	Hypokalemia, Monday Morning Sickness, Dermatophilosis, Poor Performance

VETERINARY SURGERY

INTRODUCTION TO IMAGING UNIT

No	The subject of the course
1	Introduction to X-ray Unit
2	Preparation of the Physician
3	Basic Positions for X-rays
4	Radiation Safety

EYE EXAMINATION

No	The subject of the course
1	How is an Eye Examination Conducted in Cats?
2	Visual placing postural
3	Intraocular pressure measurement with Tonovet
4	Fluorescein Staining
5	Fluorescein Uptake
6	Corneoconjunctival swap
7	Schirmer Tear Test
8	Examination with a Fundus Camera

EAR EXAMINATION

No	The subject of the course
1	Ear Examination

ORTHOPEDIC AND NEUROLOGICAL EXAMINATION OF EXTREMITIES

No	The subject of the course
1	Orthopedic and Neurological Examination of the Upper and Lower Extremities

SURGICAL SUTURING TECHNIQUES

No	The subject of the course
1	Simple Interrupted Suture
2	Horizontal Mattress Suture
3	Lembert-Schimiden Suture
4	Continuous Suture
5	U Stitch or U Suture
6	Locking Continuous Suture

CASTRATION SURGERY

No	The subject of the course
1	Feline Castration Part-1
2	Feline Castration Part-2
3	Prescrotal Castration in Dogs Part-2
4	Prescrotal Castration in Dogs Part-2
5	Rabbit Castration

FOOT DISEASES

No	The subject of the course
1	Horse Lameness Examination

VETERINARY OBSTETRICS AND GYNECOLOGY

GENERAL OBSTETRICS I

No	The subject of the course
1	Cow – Estrus sign
2	Rectal examination in cattle

GENERAL OBSTETRICS II

No	The subject of the course
1	Sheep - Vaginal prolapse
2	Sheep - Cesarean Section
3	Dog - Vaginal Hyperplasia
4	Dog - Ovariohysterectomy
5	Cat - Ovariohysterectomy
6	Cow - Fetotomy

MAMMARY DISEASE

No	The subject of the course
1	Mammary Tumor (Part 1)
2	Mammary Tumor (Part 2)
3	Physical Examination of Milk
4	Antibiotic Residue Test
5	Microbiological Sampling from a Mastitis Udder

DEPARTMENT OF REPRODUCTION AND ARTIFICIAL INSEMINATION

REPRODUCTION AND ARTIFICIAL INSEMINATION

No	The subject of the course
1	Sheep (intrabdominal) ovum pick up
2	Sheep (intraabdominal) laparoscopic insemination
3	Rabbit laparoscopic insemination

VETERINARY PATHOLOGY

NECROPSY METHOD IN RUMINANTS

No	The subject of the course
1	Goat Necropsy Part 1
2	Goat Necropsy Part 2

NECROPSY METHOD IN EQUIDAES

No	The subject of the course
1	Horse Necropsy Part 1
2	Horse Necropsy Part 2
3	Horse Necropsy Part 3

NECROPSY METHOD IN CARNIVORE

No	The subject of the course
1	Cat Necropsy Part 1
2	Cat Necropsy Part 2

NECROPSY METHOD IN PIG

No	The subject of the course
1	Pig Necropsy Part 1
2	Pig Necropsy Part 2
3	Pig Necropsy Part 3
4	Pig Necropsy Part 4

NECROPSY METHOD IN POULTRY

No	The subject of the course
1	Poultry Necropsy

NECROPSY METHOD IN LABORATORY ANIMALS

No	The subject of the course
1	Rat Necropsy

OTHER COURSE VIDEOS

No	The subject of the course
1	General Pathology Course Videos
2	Special Pathology I Course Videos
3	Special Pathology II Course Videos
4	Poultry Diseases Course Videos
5	Basic Disease Mechanisms Course Videos
6	Aquaculture Diseases Course Videos
